

APPLICATION INSTRUCTIONS

FOR THE

RACETRACK

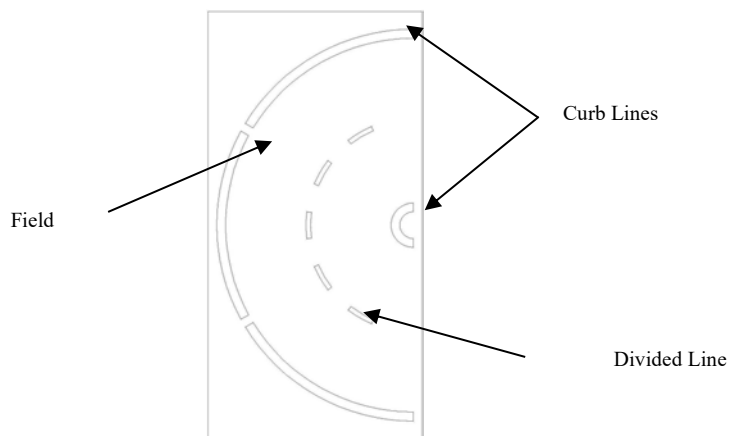

Product Number: 11-2W-019

SIZE: Varies depending on desired pattern. Straight Track approximately 4 feet wide x 8 feet high. Half Circle approximately 4 feet wide x 8 feet high – Half Circle used to make Quarter Circle.

ESTIMATED PAINT TIME: depends on design.

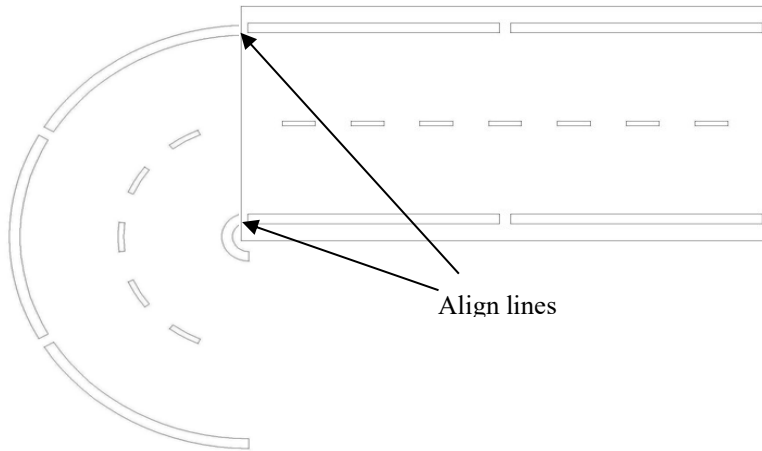

FIRST READ: Completely read "General Instructions". Prepare surfaces as recommended before painting.

1. Place semi-circular stencil (STENCIL 1 or A) in the desired location.

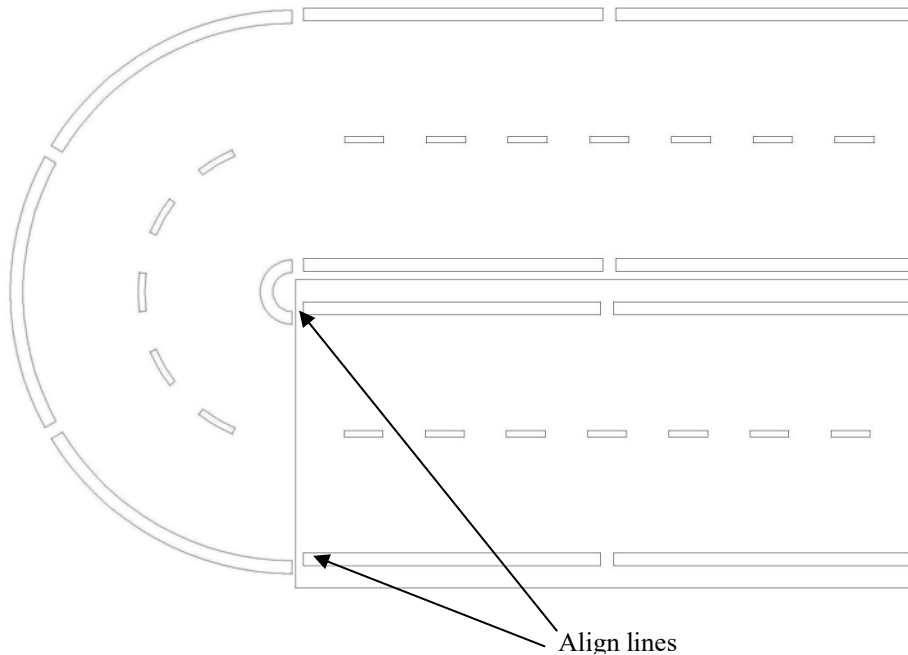

2. Paint Curb Lines and Divided Line. Repeat 1-2 more times to achieve desired vividness, drying after each application and then remove.

3. Align Curb Lines in straight stencil (STENCIL 2 or B) with Curb Lines painted on ground.

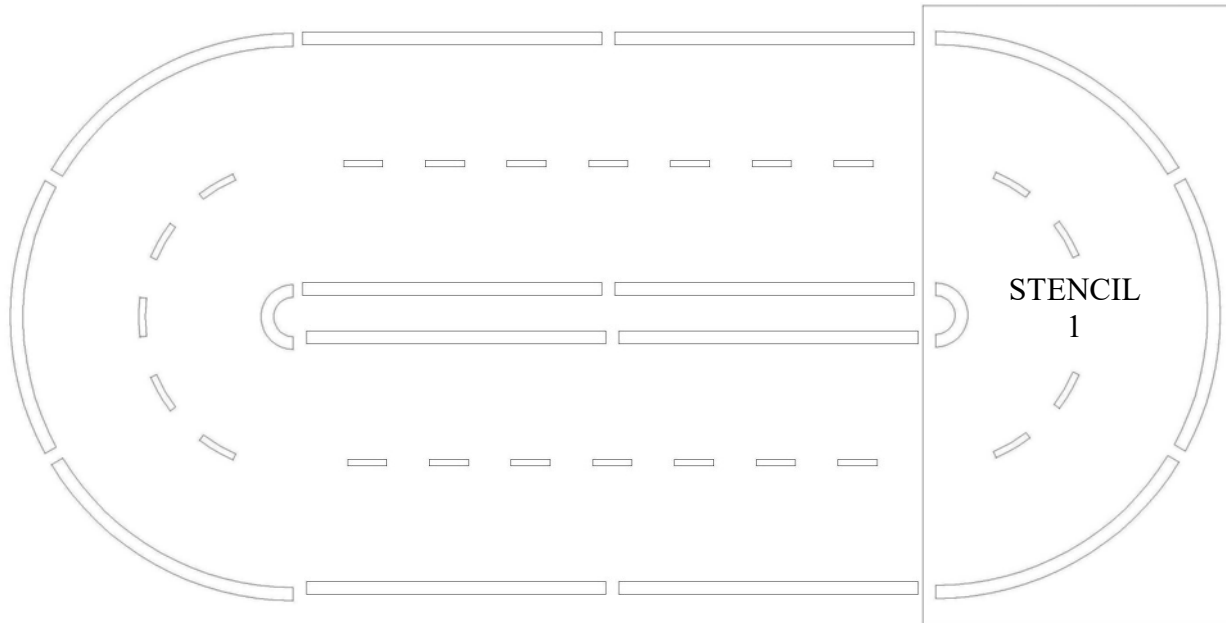

4. Paint straight stencil. Repeat 1-2 more times to achieve desired vividness, drying after each application and remove.

5. Repeat as desired, with one example shown below.

6. Repeat preceding steps until desired straight- run length of Racetrack is achieved.

- To close Racetrack, align Curb Lines of semi-circular stencil with Curb Lines of painted pavement as illustrated below:

- Take a 2" brush to paint gaps along Curb Lines and Divided Lines. Paint the fields, in any color you prefer. Use 9" paint rollers and as you approach the edges of the lines, tip the roller, applying pressure to the end and carefully and slowly paint as close to the edge of the lines as possible. Repeat 1-2 more times to achieve desired vividness, drying after each application. Let completely dry.
- Allow all paint to dry for a minimum of 24 hours before use.
