F&F FACTORY

How It Works

1. Provide completed artwork or we can create for you.
2. Receive digital proof
3. Approve design
4. Print and ship/ local delivery

F&F FACTORY

FAQ:

How large can you print? We can print up to 54 inches on rolled PVC material or decal material by 150 feet in length. We can print up to 48 x 96 inch on rigid corrugated plastic sign material. We can cut, etch, print in general up to 48 x 96 inch materials up to 1 inch thick.

Can you do better on pricing? Pricing discounts can be applied for larger, bulk orders. Additionally, local pickup or delivery options may help keep the prices lower. See a better price online? Let us price match that for you.

How can you make it easy for me to handle this? We can set up collection of products so your school community can purchase directly from us. Individual purchases will not be at the best price point but it can be easily done.

How can our organization raise some funds with these products: We can work with you to be integrated into fundraising events and opportunities. You can set the price, above our pricing, and order from us, keeping your profit.

Pricing
